COATED PRODUCTS®

MAGNECOTE

The world's most attractive paper.
Prints like paper, performs like a magnet.

Features

As the world's first magnetic paper, MagneCote® combines a premium coated paper with a proprietary magnetic layer to deliver a uniquely attractive product. Lighter and less expensive than traditional magnets, MagneCote® offers excellent color reproduction and superior ink adhesion on sheet-fed offset presses, flexographic web presses, and select digital presses* – plus faster order turnaround and economical production costs.

Benefits

- › Runs on sheet-fed offset presses, flexographic web presses, and select digital presses*
- › High-quality images using standard inks
- › Perforate, saddle stitch, die cut, fold, score, foil stamp
- › 90 brightness delivers vibrant visual appeal
- › Converts beautifully on conventional equipment
- › One-step process for fast turnaround
- › Boosts message retention and ROI
- › Expands marketing options
- › USPS approved for automated rates
- › Lighter and less expensive than traditional magnets
- › Satisfaction guaranteed
